Chicago, Illinois 60604

Re: Downtown Neighborhood Restoration Society
February 9, 1990

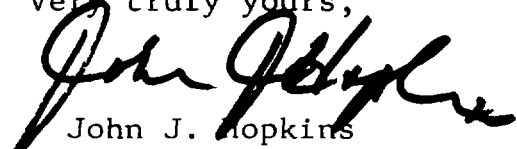

Dear Mr. Bradley:

On behalf of the entire membership of the D.N.R.S., please accept my sincere personal thanks for your attendance at the meeting on February 9th.

While I know it was certainly difficult for you to stay over in the Granite City area for another night, your attendance at our meeting was most worthwhile. It sparked a most lively dialogue after the meeting and will certainly result in additional actions in this regard. Thank you for your professionalism, candor and diligence in the performance of your duties.

Enclosed herein please find a copy of my letter to Beverly Cush, commending you for your efforts in this regard. Thank you again for your diligence in this regard. My warmest personal regards.

Very truly yours,

John J. Hopkins
